

HOUSE PASSES EIGHT-HOUR LAW

Senate Agrees to Reach Vote on Measure Before Six O'Clock Saturday--Danger of Strike Practically Over

Washington, Sept. 1.—Prevention of the threatened railroad strike through an act of congress seemed assured tonight, after the house by an overwhelming vote passed the Adamson eight-hour law and the senate had agreed to take a final vote not later than six o'clock tomorrow evening.

Passed by Big Majority

The Adamson bill, which passed the house by a vote of 239 to 56, with minor amendments, is the same measure which the brotherhood heads officially declared yesterday would constitute a "satisfactory settlement" and prevent the strike. The amendments added conform to the draft of the measure framed by the senate interstate commerce committee, which fixes the date to be effective at January 1, 1917, and exempts railroads under 100 miles and interurban lines.

FIRST AND THIRD REGIMENTS LEAVE

For Border Aug. 29—Will Arrive El Paso Sunday and Be Quartered

ABOUT NINE MILES FROM THAT CITY

Ft. Thomas, Ky., Aug. 29.—The first section of the troop train bearing the Second Regiment, the Field Hospital Corps, the Ambulance Company and the Signal Corps, of the Kentucky National Guard, pulled on the siding at Brent, two miles from Fort Thomas, shortly after 10 o'clock tonight. Aboard were the Signal Corps, the Headquarters Company of the Second Regiment, under command of Col. Allen W. Guillon. Half an hour later the second section, in charge of Lieut. Col. John A. Webb and Maj. Smith, followed.

The departure of the units was delayed four hours because of lack of motor trucks. About the middle of the afternoon it became apparent that it would be impossible to entrain tonight if additional conveyances were not secured. After scouring the surrounding country conveyances of all sorts were pressed into service, and the loading of the train completed.

With the exception of two companies of the Second the entire section moved at the station tonight. The two companies remained on the Second's deserted camp grounds to complete the loading of tents and equipment on trains.

To assist in the loading of cars the Signal Corps rigged up a temporary telegraph line between the reservation and Brent. A telephone wire was tapped and a circuit completed.

Members of the corps were operators and the wires hummed all day with messages regarding the entraining.

In the Third and First Regiments officers and men busied themselves with preparing for their departure Wednesday and Thursday nights. Both these units will go through Louisville. The Third will pass through the Falls City first, arriving at Louisville some time after 10 o'clock at night. The First also will pass through late at night and a stop will be made only long enough to pick up the baggage trains of the brigade left there.

Brig. Gen. Roger Williams and his staff will go with the Third Regiment. All units will arrive at the border about Sunday and will be quartered about nine miles north of El Paso.

PIANO RECITAL

Have Successful Lawn Fete at F. B. Arnold's Home

The lawn fete and ice cream supper given by the Ladies Aid Society on Tuesday evening at the Arnold home, was all that had been anticipated. Electric lights and Japanese lanterns were dotted through the trees, on the porch and everywhere and with the profusion of cut flowers and many attractive tables made the scene one of unusual beauty. A fish pond the gypsy tent, where palms were read, were popular places. Sandwiches, coffee, cream, cake and sherbert were served from five till nine o'clock. The proceeds were for beyond the expectation of the management.

CONDUCTORS SUE TO PREVENT STRIKE

L. & N. Employees Secure Restraining Order From Judge Field Against Order of Railway Conductors

PAUL MOORE, JR.

Has Slight Case of Typhoid Fever at Ann Arbor, Mich.

Paul M. Moore left Saturday night for Ann Arbor, Mich., where he was called by the illness of his son, Paul, Jr., who has a mild case of typhoid. Paul has been a student at the Michigan State University for the past year, but was preparing to visit a school friend in North Dakota this week.

A letter from P. M. Moore received today states his son is improving rapidly and will probably be out of bed in ten days.

Opposition to a strike by conductors of the Louisville & Nashville railroad took shape Friday in an action in the Circuit Court, by which representatives of the striko opponents secured a temporary restraining order against the calling of a strike by the Order of Railway Conductors of America.

Judge Field granted the order and announced that he would hear a motion for a preliminary injunction at 11 o'clock tomorrow morning.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you wake up feeling great.

No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

EDNA MAYO IN FILMS WEARS \$10,000 IN GEMS

Miss Edna Mayo wears \$10,000 worth of jewels in the Essanay six-act photodrama "Graustark," by George Barr McCutcheon. As the Countess Dagmar she wears a coronet of diamonds and rubies valued at \$5,000. Besides the coronet, her ornaments consist of a pendant, a brooch, a maltese cross, ear rings and several rings. All are studded with diamonds, rubies, pearls, emeralds and sapphires. "Graustark" is to come to the Idle Hour Theatre on Tuesday, Sept. 5.

SCHOOL OPENS SEPTEMBER 11

ANNOUNCEMENTS

For Congress

Hon. William T. Fowler

We are authorized to announce
Hon. William T. Fowler, of Chris-
tian County, as Republican candi-
date for Congress from the Second
Congressional District, subject to
the action of the voters at the gen-
eral election to be held Tuesday,

Unable to Stand Sight of Blood.
Cases of strong men who faint at the
sight of a drop of blood are fairly com-
mon. An extraordinary case is re-
corded by a doctor who was called in to
attend a man who had a fainting attack
as a result of slightly cutting his
finger. On inquiring the business of
this patient, it transpired that the man
was a butcher! Though used to ani-
mal bloodshed, he could not bear the
sight of human blood, and always
worked in strong leather gloves to pre-
vent accidents.

Forget Your Aches

Stiff knees, aching limbs, lame
back make life a burden. If you
suffer from rheumatism, gout, lum-
bago, neuralgia, get a bottle of
Sloan's Liniment, the universal re-
medy for pain. Easy to apply; it pen-
etrates without rubbing and soothes
the tender flesh. Cleaner and more
effective than mussy ointments or
poultices. For strains or sprains,
sore muscles or wrenched ligaments
resulting from strenuous exercise,
Sloan's Liniment gives quick relief.
Keep it on hand for emergencies.
At your druggist, 25c.

FAMILIES SPLIT ON CAMPAIGN

Wives of Wilson Supporters Will
Take Stump For Gov-
ernor Hughes.

DIVERTING CAMPAIGN PHASE.

Washington.—Families are being di-
vided by the present political issues.
Here are a few examples: J. A. H.
Hopkins of New Jersey is treasurer of
the Progressive (genuine) national com-
mittee and has announced that he per-
sonally favors the re-election of Wil-
son. Mrs. Hopkins is a member of the
Woman's party and will take the
stump and do all she can to prevent
the election of Wilson.

Gifford Pinchot is for Hughes and
all the militarism Hughes and his
backing can secure. Amos Pinchot, his
brother, is a member of the American
Union Against Militarism and will sup-
port Wilson as the lesser of two evils.
Representative William Kent of Cal-
ifornia is a wild eyed enthusiast for
Wilson and is heading a Wilson non-
partisan league, while Mrs. Kent is a
member of the Woman's party and
will stump for the defeat of Wilson.

George Middleton has allied himself
with the group of writers who have
announced themselves for Wilson,
while his wife, Pola La Follette, is one
of the members of the Congressional
union who will hold Wilson responsible
for the defeat of the Susan B. Anthony
amendment. Meredith Nicholson is a
Wilson supporter, but Mrs. Nicholson
will write and stump against Wilson
on account of his attitude toward the
federal suffrage amendment. Mrs.
Louis F. Post is a member of the Wo-
man's Peace party and an ardent Tol-
stoyan pacifist. Louis F. Post, assist-
ant secretary of labor, is for the ad-
ministration's "reasonable" program
of preparedness.

Mr. Wilson says his mind is progres-
sive, but those who try to follow its
progress can never tell the direction it
is taking. It is just as likely to be
progressing backward as forward.

Friends of Wilson are still trying to
explain what he meant by "too proud
to fight." But can they tell us what he
meant by "strict accountability?"

THE INCONSIDERATE BEHAVIOR OF A CANDIDATE.

Why does Mr. Hughes insist upon
talking about that old fashioned, out-
to say "hulky" doctrine, the pro-
tective tariff? For nearly the whole
period of its industrial existence the
United States struggled along under
protection. The Democratic party in
1913 came to the relief of an afflicted
and burdened people.

The Republican Administration (not
on account of the tariff, it is true)
was overthrown. Before taking over
the reins of government, and for many
years prior to that time, countless
Democratic statesmen had vainly tried
to persuade the American people that
the protective tariff was an iniquity,
a veritable contrivance of devils. It
fostered the trusts, and it was an ele-
vator of prices even to the thirty-sev-
enth story and the tower. They prom-
ised relief. The poor should be no
longer oppressed; the cost of living
should be reduced—must be, as the
sure result of a tariff for revenue—
protective only in spots, such as the
Louisiana sugar mills and the Carolina
cotton factories.

Doesn't Mr. Hughes know what the
Administration did which he is now
attacking? He ought to know. The
Democrats, under the leadership of
Mr. Wilson and Mr. Underwood, re-
pealed that iniquity and abomination,
the Payne-Aldrich tariff law—that
mother of trusts and high prices—
and enacted in its place the present
law. Mr. Hughes knows, of course,
as every head of a family in America
knows, that the trusts have not yet
been dissolved and that the cost of
living is higher than ever—that the
price of everything has reached an un-
heard of height—but what of it?

What of it, indeed? While it is true
that a protective tariff never failed
under any circumstances to protect
American industry and American la-
bor, it is to be considered that the war
in Europe has upset the plans of the
present low tariff administration.

Now, the obvious thing for Mr.
Hughes to do is to give the Demo-
crats a chance to get their tariff on
straight. Never mind the patient; let
the doctor experiment. That time
won't come, of course, until the war
is over—according to the Democratic
version. In other words, the tariff
for revenue doesn't fit the
conditions; the conditions must be
made to fit the tariff. So why this
disturbance, Mr. Hughes?

Besides, when you discuss a little
thing like the tariff, do you not know
that Son-in-Law McAdoo and the other
statesmen of the Democratic family
are likely to repeat their accusation
that you are "pettifoggery?"—Charles-
ton (W. Va.) Mail.

FOREST NOTES

The annual value of the farm woodlot products of the United States is over \$105,000,000.

More people are spending their vacations on National Forests this summer than have ever done so before, many persons traveling long distances by automobile in order to camp in these public playgrounds.

The rabies epidemic which is carried by infected coyotes is spreading eastward in Utah. It had coyotes are common in the entire western part of the State, and one has been killed within thirty miles of Salt Lake City.

Tourist registers are in use on many of the National Forests. By registering their names and destination, persons going into the mountains can arrange to have telegrams and other important messages forwarded by the Forest Rangers.

AUTO TOXICATION IS CAUSE OF ILLS

Vital Organs Rebel at Being Kept on Constant Strain

The world's most eminent authorities on the science of healthful living and present day diseases, liken the human body to a steam engine, its wastes corresponding to the ashes.

They have also termed the foundations of modern maladies, which daily leave hundreds of sad homes in their trails, auto-intoxication which is nothing more nor less than the self-poisoning of the vital organs, brought on by excessive mental and physical strain.

The toxication has its origin, for the most part, medical experts say, in the kidneys or stomach, because of the faulty methods of living which have become common in recent years.

When the organs become weakened from any cause they are unable to throw off the accumulation of waste matters. The injury, which comes from the retention of the body's waste products is of the greatest importance. Abnormal conditions of the intestines are largely responsible for the common headache malady, and for a generally lowered resistance, resulting in colds and catarrhal affections as well as other equally serious ailments.

Under these conditions the organs are rendered lame and toxins—actual poisons—are permitted to generate within one's body.

Bright's disease, stomach and intestinal troubles and catarrhal affections of the mucous membranes may be called auto intoxications.

Tanlac, the ideal reconstructive tonic, was designed especially to combat these ills. Tanlac begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the entire system. Next Tanlac aids the stomach to thoroughly digest the food thus permitting the assimilable products to be converted into blood, bone and muscle.

To the automobilist it might be said that Tanlac acts as a spark plug in the human mechanism. It starts the vital engines and then keeps them going at a proper regulated speed.

Tanlac may be obtained in the following nearby towns: Earlington, Geo. King & Sons; Madisonville, Gardiner & Bowmer; Mortons Gap, B. T. Robinson; Nortonville, City Drug Store; White Plains, Dr. Bailey; Mannington, Walter McIntosh; St. Charles, George King & Sons; Carbondale, G. A. Woodruff; Dawson Springs, Coleman & Wallace; Crofton, Brasher & Croft; R. F. D. Crofton, Rance & McIntosh; Princeton, Wylie & Walker.

No Foundation.

A bold, unsoldiered citizen went to a new boarding house, and as he had always met his obligations promptly, he had become notably outspoken. On his second day the hostess asked: "Why don't you say a blessing, Mr. Golden?" He looked over the table and said gloomily: "I'd like to know what for?"

Rich Languages.

In extent, the Spanish vocabulary is far inferior to the English, though in richness of tone or expression the Spanish is ahead of the English language. It is claimed that the pure Castilian is the most musical of languages, the Italian not excepted.

Constipation the Father of Many Ills

Of the numerous ills that affect humanity a large share start with constipation. Keep your bowels regular and they may be avoided. When a laxative is needed take Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. Obtainable everywhere.

FLEETING PROSPERITY IS FOOL'S PARADISE

Don't Let Smoke From Munition Factories Cloud Your Brain With Belief It's Abiding.

PROTECTION OUR BULWARK.

Forget Not the Dire Conditions Which Depressed This Country Under the Democratic Free Trade Tariff Prior to the War—They Will Return to Plagues and Hunger Unless the Republicans Are Restored to Power.

"When we contemplate industrial and commercial conditions," says Mr. Hughes, "we see that we are living in a fool's paradise." This is the condition to which the administration and its supporters have deliberately closed their eyes. When the war cloud broke over Europe this country was experiencing the most serious depression it had known since 1893, when the Democratic party and its policies were in full control of the United States.

Suddenly there came from over the sea a demand for munitions of war, clothing, food, supplies, everything needed by vast armies and by countries whose sons were taken from the field and the workshop, never to return.

As a result our exports and the balance of trade in our favor have reached figures far surpassing any ever before known. Temporarily, especially in the east, there is no lack of work at high wages, for Europe must pay whatever price America asks. No thoughtful person would imagine that this condition is anything like real prosperity. How false it is we in Oregon, who have the clearer vision, because not clouded by the smoke from munition factories, have fully felt and fully appreciated.

What the Republican candidate for president says about it the Democrats know to be true:

"Our opponents promised to reduce the cost of living. This they have failed to do, but did reduce the opportunities of making a living. Let us not forget the conditions that existed in this country under the new tariff prior to the war. Production had decreased; business was languishing; new enterprises were not undertaken; instead of expansion there was curtailment, and our streets were filled with the unemployed."

The suspension of these conditions is not nation wide, only sectional, and depends upon the duration of the war. Those who think otherwise are indeed living in a fool's paradise.—Portland (Ore.) Telegram.

PERTINENT PARAGRAPHS FROM HUGHES' SPEECHES.

"What is the president's policy—does any one know? Has the executive ever had a policy for more than six months on the Mexican question?"
"If I am elected president I will see to it that American rights in Mexico are respected."
"There is no man who could successfully present to an American community the platform that an American citizen's rights stop at the coast line."
"We will get through with this old strife between capital and labor. We are not laborers and capitalists in this country. We are fellow citizens."
"All that the workmen want is a square deal."
"We want the United States efficiently managed. I want to see men in office who believe in prosperity."
"The Republican party stands for a prosperity produced by sound American policies."
"We have removed from office men of experience and substituted others to satisfy partisan obligations. This must stop."

This Colonial Bed Room Suite \$65

In Golden Oak or Mahogany

Terms \$7.00 Cash; \$7.00 Monthly

This Suite is worth fully \$100

\$7.00 places the entire three pieces

in your home

\$100 is a very conservative estimate of the true value of this suite. Just think of it. There are three pieces exactly as you see them illustrated above, all full size. The Chiffonier and Dresser have French plate beveled mirror and equipped with wood drawer pulls. All three pieces finished in beautiful Mahogany or Golden Oak. Any one familiar with furniture values would immediately concede this suite to be worth more than \$100.

Certainly this offer must prove to you the fallacy of thinking that in order to secure furniture of the finest design you must pay cash for it. Here is just one example of how our credit system can be applied to the finer quality of furniture. Just \$7.00 places the entire outfit in your home, and seven dollars monthly completes paying for it. See this beautiful suite in our windows.

This Suite Has More Than Beauty to Recommend It to You

We want to say just a few words about the construction of this suite. While it is an exceptionally beautiful one, it has more than beauty to recommend it to you. The cabinet work is also unusual in furniture selling at this price. Take the drawers for example. They are all made to fit perfectly, to slide without binding, reinforced wherever needed. It is a suite which we can recommend very highly and that is why we are so enthusiastic about it.

This Handsome Colonial Bed Room Suite is on display at both our Main street store and West Franklin street store.
